DISCOUNT FOR BASC MEMBERS

Automatic Enrolment (workplace pensions)

New workplace pension legislation was introduced in 2012 requiring all employers to begin assessing their workforce and if applicable, enrolling staff into a qualifying workplace pension. This needs to occur on or soon after a date known as a businesses 'staging date'.

Help in setting up and integrating a workplace pension is available. We offer fully administrative (non-advised) services from **£95** set-up and **£10** per month or fully advised Corporate Advice via our external relationship with one of the UK's largest advice firms (contact us for more information).

Taking away the burden of paying
your employees, managing HMRC
and satisfying tPR - Introducing;
Managed Payroll.

Fully Managed Payroll

Our fully managed payroll packages start from just **£55** per month.

Fully managed payroll is just that, we take your time sheets or contractual salary obligations, assess your employees, pay over any tax due, assess employees for pension contributions and report all of this back to you once complete!

Time? We can be up and running in a matters of days, not weeks. We are also happy to liaise with your previous payroll provider where necessary (taking away any 'issues' you might face in making the move).

What do I get as a BASC member? BASC members are entitled to a 10% reduction on ALL advertised fees (excludes future promotional discounts). That is, any service we advertise, is 10% cheaper for BASC members. For more about our services, visit;
